### **MAY IS NATIONAL DRUG COURT MONTH: COURTS ACROSS THE NATION CELEBRATE 25 YEARS OF DRUG COURT**

For more than ten years, the [National Association of Drug Court Professionals](#) has coordinated [National Drug Court Month](#). While each year National Drug Court month is special, 2014 marks a unique year in history as we are also celebrating the 25th Anniversary of Drug Courts! Drug Courts around the country will honor National Drug Court Month by holding events with the theme “Celebrating 25 years of Drug Courts.” From your court to the nation’s capital, this 25th Anniversary will unite the Drug Court community, the public, and policymakers. Be part of history and put your Drug Court center stage in your community during the month of May.

### **COURT UNDERSTANDS VETS’ UNIQUE ISSUES**

The pattern has become all too common: Soldiers injured in service to their nation are prescribed pain medication, get hooked, run out of prescriptions, graduate to heroin, and turn to a life of crime to support their habit. In the Vietnam War era, those veterans would have to navigate the normal criminal-justice system. Today, thanks to an innovative

program begun by a judge in Buffalo, there is an alternative path that recognizes their unique situation. [More...](#)

### EXPANDING SUBSTANCE ABUSE TREATMENT CAPACITY IN CERTAIN THERAPEUTIC COURTS

**Deadline:** May 17, 2014

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) is accepting applications for fiscal year (FY) 2014 Grants to Expand Substance Abuse Treatment in Adult Tribal Healing to Wellness Courts and Juvenile Treatment Drug Courts. The purpose of this program is to expand and/or enhance substance abuse treatment services in existing adult Tribal Healing to Wellness Courts (which are the tribal version of adult drug courts) and in Juvenile Treatment Drug Courts (tribal or non-tribal) which use the treatment drug court model in order to provide alcohol and drug treatment (including recovery support services supporting substance abuse treatment, screening, assessment, case management, and program coordination) to defendants/offenders. Grantees will be expected to provide a coordinated, multi-system approach designed to combine the sanctioning power of treatment drug courts with effective treatment services to break the cycle of criminal behavior, alcohol and/or drug use, and incarceration or other penalties. Grant funds must be used to address gaps in the continuum of treatment for those individuals in these courts who have substance abuse and/or co-occurring disorders treatment needs. Grant funds must be used to serve high risk/high need populations diagnosed with substance dependence or addiction to alcohol/other drugs and identified as needing immediate treatment. Grant funds may be used to provide services for co-morbid conditions, such as mental health problems, as long as expenditures remain consistent with the drug court model which is designed to serve individuals needing treatment for substance dependence or addiction to alcohol/other drugs. SAMHSA will use discretion in the allocation of funding the awards, taking into consideration the specific drug court models (tribal healing to wellness courts and juvenile treatment drug courts) as appropriate and the number of applicants received per model type. Eligibility is limited to state and local

agencies, special purpose local courts, and federally recognized tribes. There will be \$4.55 million available under this solicitation. Up to 14 awards will be given out. Proposed budgets cannot exceed \$325,000 in total costs in any year of the proposed project. Length of projects can be up to 3 years.
