

**IN THE COURT OF CLAIMS OF OHIO**

GREGORY LEWIS, JR.

Plaintiff

v.

OHIO DEPARTMENT OF TRANSPORTATION

Defendant

Case No. 2015-00094-AD

Clerk Mark H. Reed

**MEMORANDUM DECISION**

{¶1} Plaintiff Gregory Lewis, Jr. filed this claim on February 5, 2015 to recover damages which occurred when his vehicle struck a pothole while traveling on US 33 in Columbus, Franklin County, Ohio. This road is a public road not maintained by the Ohio Department of Transportation. Plaintiff's vehicle sustained damages in the amount of \$215.00.

{¶2} In order to recover on a claim for roadway damages against the Ohio Department of Transportation, Ohio law requires that a motorist/plaintiff prove all of the following:

{¶3} That the plaintiff's motor vehicle received damages as a result of coming into contact with a dangerous condition on a road maintained by the defendant.

{¶4} That the defendant knew or should have known about the dangerous road condition.

{¶5} That the defendant, armed with this knowledge, failed to repair or remedy the dangerous condition in a reasonable time.

{¶6} In this claim, the court finds that the plaintiff did prove that his vehicle incurred damages as a result of a dangerous highway condition. However, as the Investigation Report filed April 17, 2015 makes clear, this road is not a road maintained by the defendant. It is instead a road that is maintained by the City of Columbus.

{¶7} Since the defendant had no responsibility to maintain this road, they cannot be held liable for plaintiff's losses.
