

Understanding Conflicts made Easier

Four Ways to Make Entries into the Conflict Table

- 1 Automatically based upon user entered Conflicts with Trial Court Judges information or Conflicts with Attorney information**
- 2 User Assisted. Based upon matching Conflict with Party information, the user selects which conflicts apply**
- 3 Manually, User enters the conflict for a case directly**
- 4 Through the Back Door (maintenance the Conflict with Trial Court Judge or Conflict with Attorney tables)**

Automatically - Conflicts with Trial Court Judges, Conflicts with Attorneys
