OJJDP FY 2017 Family Drug Court Statewide System Reform Implementation

WASHINGTON – The following Fiscal Year 2017 Office of Juvenile Justice and Delinquency Prevention grant awards were announced today:

Program Description: The Office of Juvenile Justice and Delinquency Prevention (OJJDP) Fiscal Year (FY) 2017 Family Drug Court Statewide System Reform Implementation program aligns with the Attorney General’s priorities of reducing drug use, including opioid use, by building the effectiveness of family drug court practices at the individual and local levels and institutionalizing them in the larger state-level child welfare, substance abuse treatment, and court systems to improve child, parent, and family outcomes. The goal is for states to serve more families affected by parental substance use disorders who are involved in the child welfare system. This year’s grantees include:

Statewide rollout of SSIP

Five in-person regional trainings for multi-disciplinary teams.

Teams will include:

• Judge
• Child Welfare Director
• ADAMH Board Director
• Others responsible for making decisions affecting children & families in the county

Northeast Region: January 16, 2019
Southwest Region: December 12, 2018
Northwest Ohio: March 20, 2019
Southeast Region: February 20, 2019
Central Region: TBD
Demo Sites

- Ashtabula
- Clermont
- Coshocton
- Hancock
- Hardin
- Henry
- Lucas
- Ross
- Summit
- Union
- Wayne

Early Implementation Lessons

- Cross-system communication – MOUs with partners
- 7 key ingredients
- Certified FDTC
  - The main takeaway was implementing good practices & policies
- Data – closing the gaps
- Ongoing training needs
Early Implementation Successes

- Developed governance structure to support institutionalizing system improvement efforts
- Piloted universal substance use disorder screening for parents who have a case opened with the child welfare system
- Modified SACWIS database to include information on substance use disorders
- Implemented multidisciplinary training opportunities at regional training centers.
- Entered into agreement with Government Resource Center to perform continuous performance measure monitoring across systems: court, treatment, child welfare, & Medicaid

What will you be asked to do?

- Develop an agreement with partners
- Identify data gaps and develop plans to overcome data challenges
- Participate in technical assistance and training opportunities
- Implement a substance use disorder screening tool
- Cooperate with GRC data collection efforts
What will you get?

• Intensive technical assistance from state partners as well as national TA providers
• Training opportunities developed to meet your specific needs
• Grant funding to support your local efforts
• Improve outcomes for children and families in your county

7

• System of identifying families
• Timely access to assessment and treatment services
• Increased management of recovery services and compliance with treatment
• Improved family-centered services and parent-child relationships
• Increased judicial oversight
• Systematic response for participants – contingency management
• Collaborative non-adversarial approach grounded in efficient communication across service systems and court

SACWIS intake enhancements

Is parental or caregiver substance abuse being reported by the referent?

- Not Answered
- No
- Yes

How did the reporter become aware of the substance abuse?

Drug Types:
- Morphine
- Opiates
- Phencyclidine
- Propoxyphene
- Tetrahydrocannabinol (THC)
- Unknown to Referral Source
- Other

Selected Drug Types:
- Remove
- Remove All

Government Resource Center Continuous Performance Monitoring

- GRC continuous performance monitoring through data collection & analysis
  - New sites may be asked to cooperate with GRC for data analysis work
    - Quarterly Performance Measurement of the 11 performance measures for all sites
    - Quarterly Benchmarking: Individual reports for each demonstration site
    - Semiannual Progress Reports
    - Annual Evaluation
## Ohio SSIP Performance Measures

### Child/Youth Measures
1. Children remain at home
2. Occurrence of child maltreatment
3. Average length of stay in foster care
4. Re-entries to foster care placement
5. Timeliness of reunification
6. Timeliness of permanency

### Adult Measures
1. Access to substance abuse treatment
2. Retention in substance abuse treatment
3. Reduced substance use
4. Employment
5. Criminal behavior

## Preliminary findings

- FDTC participation had a significant positive effect on substance abuse treatment participation and retention
- Parents participating in FDTC were more likely to be engaged in behavioral health services and medication assisted treatment
- Among expansion participants, improvements in treatment and retention were observed in community mental health and substance use disorder counseling, medication assisted treatment, and other healthcare services provided for a behavioral health primary diagnosis
Preliminary findings continued

- Among infusion participants, improvements were observed in pharmacological management and healthcare service provided for a behavioral health primary diagnosis.
- Infusion participants were less likely to receive MAT and experienced shorter retention in MAT.
- No significant positive impact was observed in child welfare performance measures.
  - The study timeframe may have been too short to adequately assess some of these child welfare measures.

Additional support

- System Improvement Efforts
  - Supportive funds to local courts through competitive bid process.
  - Courts may apply for funds based on local needs. Priority will be given to sites planning to improve their technology for data collection, reporting, and analysis as well as sites planning to improve language access to specialized dockets in their county.

Next steps

1. Gather multidisciplinary team to include representatives from:
   • Court
   • Child welfare
   • Treatment
2. Attend regional training event
   Email all questions to latonya.adjeitabi@sc.ohio.gov

Upcoming meetings

• Please review the schedule attached to your agenda.
  • Current demonstration site calls are now scheduled with each site individually on a quarterly basis.
  • New demonstration site calls will be scheduled with the team on a monthly basis.
  • Interdisciplinary training & education workgroup will meet bi-monthly.
  • Data workgroup will continue to meet bi-monthly.
• Regional trainings held monthly starting in December.
