## **Ohio Mayor's Courts**

Ohio law allows mayors of municipal corporations populated by more than 100 people that have no municipal court to conduct mayor's court. These courts, which are not courts of record, hear only cases involving violations of local ordinances and state traffic laws. Those convicted in a mayor's court may appeal their conviction to the municipal or county court having jurisdiction within the municipal corporation. Ohio law does not require mayors hearing cases to be attorneys.

Section 1905.033 of the Ohio Revised Code, effective Jan. 1, 2004, requires mayor's courts to register annually and file statistics quarterly with the Supreme Court of Ohio. At the request of the Ohio General Assembly, the Supreme Court of Ohio adopted rules providing for court procedures and basic legal education for mayors hearing cases. Furthermore, mayors whose courts hear alcohol and drug-related traffic offenses have additional educational requirements.

In 2006, there were 335 municipal corporations operating mayor's courts. The populations of those municipal corporations fall into the following groupings:

### Definition of "Clearance Rate"

As used in this report, "clearance rate" is a measure of a court's ability to keep up with its incoming caseload. It is determined by comparing the number of cases filed during the year to the number of cases terminated during the same year. The clearance rate, expressed as a percentage, is calculated by dividing the total number of terminations by the total number of new filings, transfers and reactivations. The calculation does not include cases pending at the beginning of the year.
