

DISABILITY FORM 3: ATTENTION DEFICIT/HYPERACTIVITY DISORDER VERIFICATION - OLC

NOTICE TO APPLICANT: This section of this form is to be completed by you. The remainder of the form is to be completed by the qualified professional who is recommending accommodations on the Ohio Law Component (OLC) for you on the basis of ADHD. Please read, complete, and sign below before submitting this form to the qualified professional for completion of the remainder of this form.

Applicant's full name:

Date(s) of evaluation/treatment:

Applicant's date of birth:

I give permission to the qualified professional completing this form to release the information requested on the form, and I request the release of any additional information regarding my disability or accommodations previously granted that may be requested by the Ohio Board of Bar Examiners (Board) or consultant(s) of the Board.

Signature of applicant

Date

NOTICE TO QUALIFIED PROFESSIONAL:

The above-named person is requesting accommodations on the OLC. All such requests must be supported by a comprehensive written evaluation report from the qualified professional who conducted an individualized assessment of the applicant and is recommending accommodations on the bar examination on the basis of ADHD. The Board also requires the qualified professional to complete this form. **If any of the information requested in this form is fully addressed in the comprehensive evaluation report, you may respond by citing the specific page and paragraph where the answer can be found.** Please attach a copy of the comprehensive evaluation report and all records and test results on which you relied in making the diagnosis and recommending accommodations for the OLC. We appreciate your assistance.

The Board may forward this information to one or more qualified professionals for an independent review of the applicant's request.

Print or type your responses to the items below. **Return this completed form, the comprehensive evaluation report, and relevant records and test results to the applicant for submission, or directly to testingaccommodations@sc.ohio.gov.**

I. EVALUATOR/TREATING PROFESSIONAL INFORMATION

Name of professional completing this form:

Address:

Telephone:

E-mail:

Occupation and specialty:

License number/State:

Name of Licensing Board (e.g., nursing, psychology, medical, counseling/social work/marriage, and family therapy, etc.)

Describe your qualifications and experience to diagnose and/or verify the applicant's condition or impairment and to recommend accommodations.

II. DIAGNOSTIC INFORMATION CONCERNING APPLICANT

1. Provide the date the applicant was first diagnosed with ADHD.

2. Did you make the initial diagnosis?

☐ Yes ☐ No

If no, provide the name of the professional who made the initial diagnosis and when it was made, if known. Attach copies of any prior evaluation reports, test results, or other records related to the initial diagnosis that you reviewed.

3. When did you first meet with the applicant?

4. Provide the date of your last complete evaluation of the applicant.

5. Describe the applicant's **current** symptoms of AD/HD that cause significant impairment across multiple settings and that have been present for at least six months. Provide copies of any objective evidence of those symptoms, such as job evaluations, rating scales filled out by third parties, academic records, etc.

6. Describe the applicant's symptoms of ADHD that were **present in childhood or early adolescence** (even if not formally diagnosed) that caused significant impairment across multiple settings. Provide copies of any objective evidence of those symptoms, such as report cards, teacher comments, tutoring evaluations, etc.

ATTACH A COMPREHENSIVE EVALUATION REPORT. The provision of reasonable accommodations is based on assessment of the *current* impact of the disability on the specific testing activity. The Board generally requires documentation from an evaluation conducted within the last five years to establish the current impact of the disability. The diagnostic criteria as specified in the DSM-V (or most current version) are used as the basic guidelines for determination of an Attention Deficit/Hyperactivity Disorder (AD/HD) diagnosis. The diagnosis depends on objective evidence of AD/HD symptoms that occur early in the applicant's development and cause the applicant clinically significant impairment within multiple environments. An Applicant's self-report alone is generally insufficient to establish evidence for the diagnosis. If only a self-report is included, it could cause the Applicant's request for accommodations to be denied. Please provide a comprehensive evaluation report that addresses all five points below.

- A. Sufficient numbers of symptoms (delineated in DSM-V) of inattention and/or hyperactivity-impulsivity that have persisted for at least six months to a degree that is "maladaptive" and inconsistent with developmental level. The exact symptoms should be described in detail.
- B. Objective evidence that symptoms of inattention and/or hyperactivity-impulsivity that caused impairment were present during childhood.
- C. Objective evidence indicating that current impairment from the symptoms is observable in two or more settings. There must be clear evidence of clinically significant impairment

within the academic setting. However, there must also be evidence that these problems are not confined to the academic setting.

- D. A determination that the symptoms of ADHD are not a function of some other mental disorder (such as a mood, anxiety, or personality disorder; psychosis; substance abuse; low cognitive ability; etc.).
- E. Indication of the specific ADHD diagnostic subtype: predominantly inattentive type, hyperactive-impulsive type, combined type, or not otherwise specified.

III. FORMAL TESTING

Psychological testing and self-report checklists cannot be used as the sole indicator of AD/HD diagnosis independent of history and interview. However, such findings can augment clinical data. They are particularly necessary to rule out intellectual limitation as an alternative explanation for academic difficulty, to describe type and severity of learning problems, and to assess the severity of cognitive deficits associated with AD/HD (inattention, working memory, etc.).

1. Is there evidence from empirically validated rating scales completed by more than one source that levels of AD/HD symptoms fall in the abnormal range? ☐ Yes ☐ No

If yes, please provide copies.

2. Is there evidence from empirically validated rating scales completed by more than one source that the applicant has been significantly impaired by AD/HD symptoms? ☐ Yes ☐ No

If yes, briefly describe the findings.

3. Was testing performed that rules out cognitive factors as reasonable explanations for complaints of inattention, distractibility, poor test performance, or academic problems? ☐ Yes ☐ No

If yes, briefly describe the findings.

4. Was testing performed that rules out psychiatric factors (anxiety, depression, etc.) or test anxiety as reasonable explanations for complaints of inattention, distractibility, poor test performance, or academic problems? ☐ Yes ☐ No

If yes, briefly describe the findings.

5. Was testing performed to assess the possibility that a lack of motivation or effort affected test results? ☐ Yes ☐ No

Describe the findings, including the results of symptom validity tests.

IV. ADHD TREATMENT

Is the applicant currently being treated for ADHD?

☐ Yes ☐ No

If yes, describe the type of treatment, including any medication, and state the extent to which this treatment is effective in controlling the ADHD symptoms. If it is effective, explain why accommodations are necessary.

If no, explain why treatment is not being pursued.

V. ACCOMMODATIONS RECOMMENDED FOR THE OLC (CHECK ALL THAT APPLY)

The OLC is a timed, closed-book, multiple-choice examination administered in one two-hour session. The OLC is administered at least four times a year, consisting of 50 multiple-choice questions. Applicants record their answers using a computer program that is administered using remote proctoring technology. Applicants are not allowed to bring food, beverages, or any other items into the testing room unless approved as accommodations.

Applicants who need assistance with answering multiple-choice questions may need a scribe to assist them.

Taking into consideration this description of the examination and the functional limitations currently experienced by the applicant, what test accommodation(s) do you recommend? (Check all that apply.)

Assistance:

- ☐ Screen Reader Software, No Scribe
- ☐ Screen Reader Software, With Scribe

Explain your recommendation(s).

--

- ☐ Extra testing time. Indicate below how much extra testing time is recommended:

	Standard Time	Extra Time Recommended - Select One
OLC	2 hours	☐ 25% ☐ 33% ☐ 50% ☐ 100% ☐ No extra time

Explain why extra testing time is necessary and describe how you arrived at the specific amount of extra time recommended.

--

Do you have any other recommendations regarding accommodations for this applicant? If so, please explain the recommendation and the rationale you used in making that recommendation.

--	--

IV. PROFESSIONAL'S SIGNATURE

I have attached a copy of the comprehensive evaluation report and all records, test results, or reports upon which I relied in making the diagnosis and completing this form.

I certify that the information on this form is true and correct based upon the information in my records.
