

Streaming a Meeting or Webinar on YouTube Live

Overview

You can stream a Zoom Meeting or Webinar live on YouTube. This allows participants to join your meeting via Zoom to view it and comment on it via YouTube. During the live event, there will be an approximate 20-second delay between the actual Zoom Meeting or Webinar, and the Live stream.

Note: Those viewing on Youtube can only comment via Youtube, and can not interact directly with other webinar attendees, the same goes for webinar attendees as well.

Initiating a Live Stream to Youtube Direct Streaming From a Meeting or Webinar

1. Start the Webinar or Meeting.
2. **More** in the Meeting/Webinar Controls.
3. Click **Live on YouTube**.

4. Log in to YouTube.

The image shows the Google sign-in interface. At the top is the Google logo. Below it is the text "Sign in with your Google Account". The main area features a grey box with a circular profile icon placeholder. Below the icon is a text input field containing the placeholder text "Enter your email". Underneath the input field is a blue button labeled "Next". To the right of the "Next" button is a link that says "Find my account". Below the grey box, there is a line of text: "One Google Account for everything Google". At the bottom of this section are several small icons representing Google services: the Google logo, Gmail, Google Drive, YouTube, Google Maps, Google Assistant, and Google Play.

5. After you log in successfully, the following page displays:

Broadcast Zoom Meeting to YouTube Live

The image shows a form for broadcasting a Zoom meeting to YouTube Live. At the top, there is a status bar with the Google logo, the text "Connected", a small circular icon with a "C", a progress bar, and the text "Not me". Below this is a text input field labeled "Zoom meeting title on YouTube" containing the text "Zoom Live Stream". Underneath is a "Privacy" dropdown menu currently set to "Public". At the bottom of the form is a large red button labeled "Go Live!".

6. Specify the following settings on the Broadcasting to YouTube Live page:
 - **Zoom Webinar title on YouTube**
Automatically populated with the Zoom Webinar topic. Navigate to the text box to change it.
 - **Privacy**
You can choose Public, Unlisted, or Private.
7. Click the **Go Live!** button.
8. You will now see a progress bar, letting you know that your session is being prepared for streaming.
9. Wait for the notification from the Zoom client that your Webinar is Live on YouTube, then begin your Webinar.
10. Streaming stops when you end the webinar or meeting, or click **More** then **Stop Live Stream** in the meeting controls.
