2011 OSDPN MEETINGS & RSVP

THE OHIO SPECIALIZED DOCKETS PRACTITIONER NETWORK

With over 140 specialized dockets in operation throughout Ohio, the Supreme Court of Ohio, the Ohio Department of Alcohol and Drug Addiction Services and the Ohio Department of Mental Health have recognized the need for interaction among the professionals that staff these courts. In order to provide such a forum, the Ohio Specialized Docket Practitioner Network was created to provide peer support and technical assistance to these programs. The Network is comprised of several sub-networks that meet by discipline. These sub-network meetings allow specialized docket practitioners to discuss the challenges and successes they have faced in their specific role on the specialized docket court team. In addition, the sub-network meetings offer opportunities for specialized docket professionals to provide program updates, discuss program operations, and discover innovative and effective strategies employed by other specialized dockets. If you are a member of a court's specialized docket team and would like to participate in the Network or learn more, then please contact our office at (614) 387-9425.

THE NEW SPECIALIZED DOCKETS STANDARDS

SUPREME COURT ADOPTS SPECIALIZED DOCKETS STANDARDS

The Supreme Court of Ohio has adopted a new rule that allows local courts to receive Supreme Court certification of a specialized docket. The rule takes effect on Jan. 1, 2013. The rule allows a court operating or establishing a particular session of court to apply for certification of the session from the Supreme Court. The session must offer a therapeutically oriented judicial approach to providing court supervision and appropriate treatment to individuals placed in it. Upon receipt of Supreme Court certification, the session may be referred to as a “specialized docket.” Since the establishment of the Hamilton County Drug Court in 1995, Ohio has been recognized as a national leader in the implementation of specialized dockets. In 2001, the Supreme Court created the Specialized Dockets Section to assist and support local courts in developing specialized programs uniquely tailored to helping specific populations within the court system. Today, there are nearly 150 specialized dockets operating in Ohio including drug courts, mental health courts, re-entry courts, OVI courts, veterans courts, sex offender courts, felony non-support courts and domestic violence courts. The 12 standards included in the newly adopted Rule 36.02 of the Rules of Superintendence for the Courts of Ohio are intended to create a minimum level of uniform practices while still allowing courts to tailor operations to meet their local needs. The standards spell out the procedure for certification. They require courts to engage in a planning process for their specialized docket programs, use a non-adversarial approach, hold regular treatment team meetings, and conduct regular status review hearings for individuals placed in the programs. The standards specifically exempt commercial dockets, housing dockets and environmental dockets from the requirements of the rule. [View the complete language of the rule.](#)

RESEARCHERS FIND DRUG COURTS REDUCE SUBSTANCE ABUSE AND CRIME

Researchers at the Urban Institute, the Center for Court Innovation, and RTI International have recently completed perhaps the most ambitious study of drug courts to date. Funded by the National Institute of Justice, the five-year multi-site study compared participants in 23 drug courts in seven states to similar defendants who went through conventional case processing. The results offer vivid evidence that drug courts are effective at reducing both substance abuse and crime. Among other findings, the study documented that drug court participants were responsible for less than half as many criminal acts as the comparison group after 18 months. Largely because of these reductions in criminal behavior, drug courts ended up saving an estimated \$5,680 per participant. In examining why drug courts have succeeded, the evaluation focused in particular on the role of the judge and the value of procedural fairness.

EDITORIAL: PRISON REFORMS A WORTHWHILE IDEA

Gary Mohr has a plan. No one could ever accuse the state's director of prisons of being a status-quo kind of guy. No, Mohr is plunging head-first into what he says is an overhaul of the state's prison system, creating a "tiered" system that puts prisoners to work and forces them to prove they're ready for life on the outside. Mohr said the first tier, or lowest, would manage low-risk inmates working as truck drivers or in light manufacturing. "I want to put these inmates to work," Mohr told The Columbus Dispatch. DEM, GOP LAWMAKERS OFFER DUELING DRUG-TESTING BILLS

After a northeast Ohio Republican said last week that he plans to introduce a bill requiring anyone who gets public assistance from the state to first pass a drug test, a Democrat from the region today countered with a proposal requiring the same of legislators and Ohio Supreme Court justices. Under a proposal by Sen. Timothy J. Grendell, R-Chesterland, any Ohioan who needs cash, medical, housing, food or energy assistance, including unemployment benefits, first must submit to a drug test. The applicant would have to pay for the test, but would be reimbursed if the person passes.

SUPREME COURT UPHOLDS CANTON MAN'S DOUBLE MURDER CONVICTION

The Ohio Supreme Court unanimously upheld the death penalty Wednesday for Edward L. Lang III, who was convicted in 2007 of killing two people in Canton. But with that ruling comes a call by three justices for state legislators to examine whether Ohio should continue to execute those who are mentally ill. A Stark County jury convicted Lang of killing Jaron N. Burditte and Marnell M. Cheek during a robbery. [More...](#)

CONFERENCE FOCUSES ON ABUSE OF ELDERLY

Judges and others on the front lines of elder abuse cases are in town to learn ways to tackle the growing problem.

Solutions could include creating special court dockets similar to drug or mental-health courts and more collaboration among agencies.

A two-day follow-up to last year's Ohio Summit on Aging began in Columbus yesterday and featured speeches by Attorney General Mike DeWine and Ohio Supreme Court Justice Yvette McGee Brown.

RESEARCH & RESOURCES

The Ohio Poverty Law Center, the Ohio Legal Assistance Foundation, and web developer Steve Simon have created a free, publicly available, interactive interview tool that will allow people to determine if they are eligible to have their criminal record sealed (commonly referred to as expungement) in Ohio.

This tool uses an A2J template, and you can find it here:

www.ohiolegalservices.org/public/legal_problem/reentry/expungement/qandact_view

Please know that this A2J will not complete the process of filing for a criminal record sealing, but will only help determine if an individual is eligible. Once an individual completes the interview portion, a document will be produced explaining whether the individual is eligible (based on his or her input answers) and potential next steps.
