### 2012 OSDPN MEETINGS TBA

#### **THE OHIO SPECIALIZED DOCKETS PRACTITIONER NETWORK**

With over 140 specialized dockets in operation throughout Ohio, the Supreme Court of Ohio, the Ohio Department of Alcohol and Drug Addiction Services and the Ohio Department of Mental Health have recognized the need for interaction among the professionals that staff these courts. In order to provide such a forum, the Ohio Specialized Docket Practitioner Network was created to provide peer support and technical assistance to these programs. The Network is comprised of several sub-networks that meet by discipline. These sub-network meetings allow specialized docket practitioners to discuss the challenges and successes they have faced in their specific role on the specialized docket court team. In addition, the sub-network meetings offer opportunities for specialized docket professionals to provide program updates, discuss program operations, and discover innovative and effective strategies employed by other specialized dockets. The 2012 meeting dates will be announced in late January/early February of 2012. If you are a member of a court's specialized docket team and would like to participate in the Network or learn more, then please contact our office at (614) 387-9425.

## THE NEW SPECIALIZED DOCKETS STANDARDS

### SUPREME COURT ADOPTS SPECIALIZED DOCKETS STANDARDS

The Supreme Court of Ohio has adopted a new rule that allows local courts to receive Supreme Court certification of a specialized docket. The rule takes effect on Jan. 1, 2013. The rule allows a court operating or establishing a particular session of court to apply for certification of the session from the Supreme Court. The session must offer a therapeutically oriented judicial approach to providing court supervision and appropriate treatment to individuals placed in it. Upon receipt of Supreme Court certification, the session may be referred to as a “specialized docket.” Since the establishment of the Hamilton County Drug Court in 1995, Ohio has been recognized as a national leader in the implementation of specialized dockets. In 2001, the Supreme Court created the Specialized Dockets Section to assist and support local courts in developing specialized programs uniquely tailored to helping specific populations within the court system. Today, there are nearly 150 specialized dockets operating in Ohio including drug courts, mental health courts, re-entry courts, OVI courts, veterans courts, sex offender courts, felony non-support courts and domestic violence courts. The 12 standards included in the newly adopted Rule 36.02 of the Rules of Superintendence for the Courts of Ohio are intended to create a minimum level of uniform practices while still allowing courts to tailor operations to meet their local needs. The standards spell out the procedure for certification. They require courts to engage in a planning process for their specialized docket programs, use a non-adversarial approach, hold regular treatment team meetings, and conduct regular status review hearings for individuals placed in the programs. The standards specifically exempt commercial dockets, housing dockets and environmental dockets from the requirements of the rule. [View the complete language of the rule.](#)

## NEWS

### SPECIALIZED DOCKETS CONFERENCE FEATURES SESSIONS ON SUPREME COURT STANDARDS

More than 360 professionals involved in specialized dockets in courts across Ohio met on November 17 at the Supreme Court of Ohio’s annual Ohio Specialized Docket Practitioner Network conference and learned more about new Supreme Court certification standards that take effect in 2013. Chief Justice Maureen O’Connor opened the eighth annual conference. She said the standards are intended to create a minimum level of uniform practices while still allowing courts to tailor operations to meet local needs. She said the goal of implementing the standards is not to have a “cookie cutter” operation. She also pointed out the importance of collecting data to prove that specialized dockets are working. ### THE BATTLE ON THE HOME FRONT: SPECIAL COURTS TURN TO VETS TO HELP OTHER VETS

When Assistant District Attorney Ray Herman first became involved with Buffalo, N.Y.’s alternative treatment program for military veterans who’d found themselves on the wrong side of the law, he had his doubts. “The whole program seemed a little—I don’t know—touchy-feely,” says the no-

nonsense Herman.

But slowly, case by case, what Herman saw changed his mind. "I really support this," he says. "There's a very, very high percentage of success with the program, which is an excellent result for everyone because these are people that are no longer going to be in trouble with the law. So the program works." [More...](#)

Participants attending this live online streaming event will have the opportunity to phone in questions to the panelists. The webcast and other information on MAT will be archived at the [R2P website](#) after the event. You must [register to attend the streaming event by visiting and completing the registration form](#). Founded in 1948, the primary mission of the Foundation is to foster public policies, human-service reforms, and community supports that more effectively meet the needs of vulnerable children and families. It is the 15<sup>th</sup> largest private foundation in the United States, with assets of more than \$3 billion, and ranks 20<sup>th</sup> in the nation for charitable giving.

**OFFICE OF CRIMINAL JUSTICE SERVICES SURVEY**

**DEADLINE TO COMPLETE: DECEMBER 2, 2011 @ NOON**

Good afternoon reentry coalitions and stakeholders....the below survey has been compiled by the Ohio Office of Criminal Justice Services to help identify criminal justice needs in communities in Ohio. Your responses will help the Office of Criminal Justice Services determine how the funding they receive for the State of Ohio will be distributed among the local communities. Your responses are critical to ensure that resources are directed toward criminal justice efforts that impact Ohio's Courts, Specialized Dockets, and other treatment related services. **We are in need of more responses from people working in the areas of the Courts, Specialized Dockets, or other treatment team members.** It is important that we hear the views and voices of a variety of different CJ professionals so the results are not skewed and ensure that a larger proportion of the Criminal Justice resources and dollars do not go primarily to, for example, law enforcement issues, simply because we received more feedback from law enforcement. We really need a wider, more diverse representation, especially from the Courts and other related segments. Any help you might give is greatly appreciated. It is scheduled to end, but I thought I would hold it open until noon on Friday, December 2 to see if we can get more representation from the Courts community. It only takes about 15 minutes to complete. Please response ASAP. It is important that they hear the views and voices of the court community. The survey will close this Friday, December 2 at noon. Please be sure you and your community are heard. **The link to the survey is <http://www.surveymonkey.com/s/DWB7MKL>.**
