NEWS

SUPREME COURT PROPOSES SPECIALIZED DOCKET CERTIFICATION PROCEDURES

The Supreme Court of Ohio will accept public comments until August 7 on amendments that outline the procedures to receive Supreme Court certification for a specialized docket program. Last year the Supreme Court adopted rules that require specialized docket programs to be certified and meet minimum standards by January 1, 2013. Under the proposed amendments announced today, courts operating specialized dockets would be required to submit an application, undergo a site visit and submit specific program materials to the Specialized Docket Section as part of the certification process. In addition, specialized dockets that comply with the initial stages of the certification process would be initially certified pending a final review. The amendments also would create a new Commission on Specialized Dockets and amend the definition of a specialized docket in the Code of Judicial Conduct.

Comments on the proposed amendments should be submitted in writing to:

COURT RULES TO UPHOLD INTOXILYZER 8000 TEST RESULTS FOR DUI

Ohio defense lawyers are fuming about an appellate ruling in a Clermont County DUI case. At issue is the reversal of a judge's decision to throw out test results from the Intoxilyzer 8000. The judge questioned the machine's results when operators didn't recalibrate it, according to state health department rules, and defense lawyers agree. They say results from the machine are too unreliable. Criminal defense lawyer Mark Krumbein said some judges are saying the cases should be tossed out and the 12th District says it's okay. NEW LAW ALLOWS FAMILIES TO FORCE ADDICTS INTO TREATMENT

An Ohio law that allows families to force a loved one into addiction treatment has been used only once since it went into effect in March.

Though the law is new, it has created debate about whether involuntary treatment will work and if the law is unfair because it is only available to families who can afford to foot the bill. [More...](#)

Eastern Daylight Time (New York, GMT-04:00)
[Change time zone](#)

Duration: 1 hour

Description: This webinar is designed to review the recently revised Advisory from SAMHSA entitled: "The Role of Biomarkers in the Treatment of Alcohol Disorders, 2012 Revision. Ethyl glucuronide (EtG) and ethyl sulfate (EtS) have become critical tests in the abstinence monitoring of alcohol in drug court settings. The original SAMHSA Advisory (September, 2006) caused a significant chilling effect on the utility of EtG/EtS testing and raised questions regarding the appropriate use of this valuable monitoring tool in a forensic context. Drug Courts have been anxiously awaiting these revisions. The following issues related to the revised advisory will be discussed during this webinar:

- Review of both indirect and direct alcohol biomarkers and their use
- Discussion of what alcohol biomarkers are most appropriate for use in therapeutic/treatment courts settings

- Comparison of EtG/EtS testing methods
- Best practices for therapeutic/treatment courts using or planning to use EtG/EtS testing

FUNDING

FAMILY DRUG COURT SOLICITATION RELEASED

The Office of Juvenile Justice and Delinquency Prevention (OJJDP) will award funding to enhance the capacity of Family Drug Courts. The Family Drug Courts program builds the capacity of states, state and local courts, units of local government, and federally recognized Indian tribal governments to either implement new Drug Courts or enhance pre-existing Drug Courts for individuals with substance abuse disorders or substance use and co-occurring mental health disorders, including histories of trauma, who are involved with the family dependency court as a result of child abuse, neglect, and other parenting issues. Applicants must provide services to the children of the parents in the program as well as to the parents. This program provides seed money, not long-term support. OJJDP expects successful applicants to develop and implement a sustainability plan during the grant period to continue operation of the Family Drug Court when the grant ends. SUPPORTING DOMESTIC VIOLENCE VICTIMS

The effort also provides small grants to survivors of domestic violence (women and their families) to help them achieve their educational and job related goals. Any survivor of domestic violence is eligible to apply; however, the application must be completed by a local domestic violence program or coalition to be accepted. Summary: Most of the work the Annie E. Casey Foundation supports takes the form of multi-year, multi-site, foundation-based projects. However, the foundation, which focuses on helping vulnerable and at-risk children, youth and their families, does not discourage interested organizations from submitting letter of inquiry when looking for grants.

Founded in 1948, the primary mission of the Foundation is to foster public policies, human-service reforms, and community supports that more effectively meet the needs of vulnerable children and families. It is the 15th largest private foundation in the United States, with assets of more than \$3 billion, and ranks 20th in the nation for charitable giving.
