Dear Fellow Ohioans,

Article IV, Section 6(C) of the Ohio Constitution sets term limits for judges. While our state's Constitution prohibits a judge from being elected or appointed to judicial office if he or she attains 70 years of age prior to assuming office, that term limit does not stop retiring judges from continuing to serve the public.

Between these pages you will learn about the Assignment of Judges Program, which assures the availability of a judge when the elected or appointed judge cannot hear a case because of recusal, disqualification, or other special circumstances. The work of retired and sitting judges who have agreed to hear cases in the absence of the elected or appointed judge ensures the timely and efficient administration of justice and maintains a strong and independent judiciary.

Central to the success of the Assignment of Judges Program is adherence to the Guidelines for the Assignment of Judges. These guidelines provide a consistent framework to make sure that every assignment of a retired or sitting judge is timely and accurate. Working in conjunction with the Guidelines is the Interactive Generator of Online Requests (IGOR), a user-friendly electronic tool that tailors requests for the assignment of a judge to ensure that they comply with the Guidelines.

Some key highlights from 2025 include:

- The Assignment of Judges Program processed a total of 5,553 assignment requests, reflecting a high level of responsiveness and efficiency.
- Enhancements to IGOR streamlined response times, increased transparency, and improved user experience for administrative judges and their designees.
- The Program once again reduced the average time for processing a request for the assignment of a judge, taking processing times down to approximately 7 hours in 2025.

By helping to assure the public that judges preside free of any external influence, the Assignment of Judges Program continues Ohio's long heritage of a strong and independent judiciary. So as we reflect on the accomplishments of 2025, I am grateful for the dedication of our judges and staff in upholding the rule of law and in ensuring that Ohio's judiciary remains a model of excellence.

May God bless you,

A handwritten signature in blue ink that reads "Sharon L. Kennedy".

The Assignment of Judges Program alongside the Guidelines for the Assignment of Judges (“Guidelines”) work to inform, educate, and ensure timely responses to requests made by courts all around Ohio. These tools ensure predictability, transparency, and consistency within the judicial assignment program and deliver timely resolutions.

Types of Requests

An administrative judge, or the judge’s designee, may submit a request for the assignment of a judge or judges using the Interactive Generator of Online Requests (IGOR). The current version of IGOR (IGOR 2.0) displays the categories as they appear in the *Guidelines for the Assignment of Judges*.

These categories include:

- Requests for Assignment due to Recusal
- Requests for Assignment due to Affidavit of Disqualification
- Requests for Assignment due to Discipline
- Requests for Assignment due to a Disrupted Docket
- Requests for Assignment of an On-Call Judge due to Personal Illness or Family Emergency in a Single-Judge Court or Division
- Requests for Assignment due to an Overburdened Docket
- Requests for Assignment due to a Previously Assigned/Related Case
- Requests for Assignment due to a Special Circumstance
- Requests for Assignment due to a Specific Time-Off Request
- Requests for Assignment due to Vacancy

The following dispositions for requests are found in IGOR:

- Granted
- Denied or Withdrawn
- Rescinded

Assignments by Category

Table 1 shows the number of assignments that were granted annually between 2021 and 2025 by category. In 2024, IGOR 2.0 was implemented. The prior application used a limited set of request types. Accordingly, to show five-year trend data, the current request types have been mapped back to the earlier types, described below.

- Case-Other includes the assignment of a judge for a previously assigned or related case and requests for assignment due to a disrupted docket.
- Case-Recusal includes the assignment of a judge due to a court or division of a court recusing from a specific case or a block of cases pursuant to Guideline 6.01. This category also includes the assignment of a judge due to a granted Affidavit of Disqualification.
- General includes specific time-off requests, on-call judge requests in a single judge court or division, overburdened docket requests, and vacancy coverage.
- Special Circumstances is the assignment of a sitting or retired judge for a special circumstance not covered by the enumerated reasons in the Guidelines.
- Wedding is the assignment of judges to solemnize marriage ceremonies.

* “Sitting judge” means a person who currently serves on any Ohio court by reason of election or gubernatorial appointment.

** “Retired judge” means a person who left judicial service on any Ohio court either voluntarily by reason of resignation or retirement or involuntarily under Article IV, Section 6(C) of the Ohio Constitution because of attaining the age of 70 years before assuming office.

Table 4 provides an overview of the requests granted in 2025 by request type as outlined in the *Guidelines for the Assignment of Judges*.

Acting Judges

Pursuant to R.C.1901.121 and 1907.141, the administrative judge of a municipal court or county court may appoint an acting judge under certain conditions when a judge of a municipal court or county court is temporarily absent. An acting judge must be an Ohio licensed attorney who has been engaged in the practice of law in Ohio for a total of six years preceding the appointment and lives in the territory of the court or a contiguous territory. An acting judge may also be a sitting judge or retired judge.

In 2025, there were amendments to the law related to the payment of acting judges under R.C.1901.123 and 1907.143. Effective September 30, 2025, county treasurers were no longer permitted to submit claims to the Supreme Court for reimbursement of the state share of the per diem compensation paid to acting judges. Instead, the county bears the entire cost without reimbursement of the state share. Table 6 shows the number of registered acting judges by county and the estimated days worked as evidenced by the requests made by local county treasurers from January 1, 2021, to September 30, 2025.

Note: Pursuant to R.C. 141.16, annually on August 1, the Supreme Court seeks reimbursement from the county treasurers of the local share of the compensation paid to retired assigned judges during the previous fiscal year. Shown above are the state and local shares of the total compensation paid in each calendar year. For Fiscal Year 2025, the Supreme Court billed the counties for a total of \$720,548.12.

The compensation of retired judges assigned to the Court of Claims is paid directly by the Court of Claims and not by the Supreme Court.

Maintaining a Strong and Independent Judiciary

A major focus of the assigned judges program has been to decrease the time to process requests. 2025 saw improvements in reducing the time to process requests, and ended with no requests pending. Table 8 illustrates the daily average response time or “run rates” for the assignment of a judge once a request is entered into IGOR. Table 9 shows the daily run rates by request type.
