

The Supreme Court of Ohio

ADDENDUM #1

RFQ No. 272

CREATION OF BRONZE BAS RELIEF SCULPTURES FOR THE GRAND CONCOURSE OF THE THOMAS J. MOYER OHIO JUDICIAL CENTER

Date of Issuance: June 13, 2025

Response Due Date and Time:

June 27, 2025, 2025, at 12:00 p.m. EDT

The Supreme Court of Ohio

Addendum #1 - Vendor Questions and Clarifications Related to RFQ #272:

QUESTION #1:

The delivery of the first two bronzes is set at no later than December 31, 2025. However, the contract will not be executed until mid-July, 2025. That would leave less than 5 months for both approval of the design, execution and its fabrication at a foundry. Currently, the foundries that we work with have a minimum lead time of 4 months. What additional parameters are in place that might accommodate this issue?

ANSWER:

It is the Court's desire to have the first two sculptures delivered by December 31, 2025 and any deviations to that deadline would only be permitted if they are caused by delays in the Court's approval process. However, all Respondents are advised and should submit a response on the premise that there will be **no** delays in the Court's approval process. The ability to meet the requested delivery dates specified in Section 5.1 will be measured in the "Timeline" evaluation criteria identified in Section 8.4.1.
