- (d) In view of the person's treatment history and current behavior, the person is in need of treatment in order to prevent a relapse or deterioration that would be likely to result in substantial risk of serious harm to the person or others.

Meredith Rinehart, LPCC	further says that the facts supporting this belief are as follows
	, ,,

(be specific with facts substantiating diagnosis)

Respondent has been assigned a provisional diagnosis of Unspecified Schizophrenia Spectrum and Other Psychotic Disorder. A lieutenant with the Mental Health and Addiction Services Section of CPD requested Netcare's Mobile Crisis Team's intervention with respondent on 7/15/2020. Respondent has an eviction pending and is refusing to leave her home. She claims she is a sovereign citizen and that the act of evicting her is treasonous. She has written numerous e-mails and notices, both to the court and to a detective with the Homeland Security section of CPD, all within the past few days. Respondent writes of several conspiracies happening within the United States government, and appears to believe there is a coup d'etat taking place against the American people. Her writings are hard to follow, appear grandiose and at points disorganized, and overall display agitation, paranoia, and delusional thought content. She writes that "OPEN WAR IN AMERICA is now a guaranteed event" and that she will "INVOKE Article IV Section 4 which mandate ALL WITH AN OATH AND DUTY to defend this Nation, County, the American People and our Republican form of government. I cannot say what will happen to all that come to perish in the coming days, weeks, years...but what i can say is I know where my spirit shall lay when my days end." Respondent also sent documents to the court "charging" the city with treason for attempting to evict her, and then tried to charge a court clerk with treason and "crimes upon the US Treasury" for not uploading the documents to the docket for her eviction case. Respondent displays impaired judgment and no insight into her mental health issues in all communications. Mobile Crisis staff did not meet with respondent, as she refuses to answer her door to police. She has a history of assaulting officers in the community, and a history of assaulting both a bailiff and a city prosecutor at a previous court hearing. Respondent needs to be placed on a probate order and taken directly to OSU ED in order to ensure the safety of others, prevent her from infringing on the rights of others. and to facilitate her psychiatric stabilization.

These facts being sufficient to indicate probable cause that the above person is a mentally ill person subject to court order.
