VERIFIED PETITION FOR WRIT OF MANDAMUS

COMES NOW *Pro se* Relators Nathan C. Johnson, Tony Louis Deluke III, Shannon Paul Barrett, Julie Erin Boso, Robert J. Becaj Jr. and, pursuant to R.C. 2731.01 *et seq.*, hereby files this Verified Petition for Writ of Mandamus and in support thereof, Plaintiffs would show unto the Court the following:

I. PARTIES

1. Pro Se Relators Nathan C. Johnson, Tony Louis Deluke III, Shannon Paul Barrett, Julie Erin Boso and Robert J. Becaj Jr. are legal residents and taxpayers of the State of Ohio. Be it known that the Relators are the constituents in this matter and hereby assert their authority as such.

2. All Respondents named herein are sworn, qualified, and acting legislators of the Ohio State Senate. Respondents have sworn an oath to uphold and defend the Constitution of the United States of America and the Constitution of the State of Ohio. *See* R.C. 3.23. Be it known that the Respondents are issued remuneration for their respective efforts to represent their constituents, yet through misprision, they may stand in breach of contract respective to their oath of office and their obligation to represent their constituents.

II. JURISDICTION AND VENUE

3. This matter is a Verified Petition for a Writ of Mandamus pursuant to R.C. 2731.01 *et seq* “commanding the performance of an act which the law **specifically enjoins as a duty** resulting from an office, trust, or station” (emphasis added).

4. Subject matter jurisdiction and venue are proper and are also conveyed to this Honorable Court pursuant to R.C. 2731.02, “The writ of mandamus may be allowed by the supreme court, the court of appeals, or the court of common pleas and shall be issued by the clerk of the court in which the application is made. Such writ may issue on the information of the party beneficially interested. Such writ shall contain a copy of the petition, verification, and order of allowance.”

III. STATEMENT OF FACTS

5. Respondents’ oath requires them “to administer justice without respect to persons, and faithfully and impartially to discharge and perform all the duties incumbent on the person as such judge, according to the best of the person's ability and understanding. The oath of office of every other officer, deputy, or clerk shall be to support the constitution of the United States and the constitution of this state, and faithfully to discharge the duties of the office.” *Id.*

6. The oath of office of a judge under this section shall be taken in a form that is substantially similar or identical to the following:

"I, (name), do solemnly swear that I will support the Constitution of the United States and the Constitution of Ohio, will administer justice without respect to persons, and will faithfully and impartially discharge and perform all of the duties incumbent upon me as (name of office) according to the best of my ability and understanding. [This I do as I shall answer unto God.]"

7. In their official capacity, Respondents are enjoined to uphold and **DEFEND** (emphasis added and intentional) the Constitution of the United States of America and the Ohio State Constitution respectively by way of their oath of office.

8. With specific observance to the 10th Amendment to the Constitution of the United States of America which states: “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the People”, it is noted that the United States Constitution observes the rights and powers granted to Ohioans by the Constitution of the State of Ohio.

9. It is hereby noted that failure to uphold and defend the Constitution of the State of Ohio also constitutes failure to uphold and defend the Constitution of the United States of America, with specific regard to the 10th Amendment.

10. The relators ask the court to compel the Respondents to uphold, defend and enforce Article I section 21 of the Ohio Constitution “No federal, state, or local law or rule shall compel, directly or indirectly, any person, employer, or health care provider to participate in a health care system.”

11. Wherein the term: “anarchy” is defined as confusion in government (see #3: Black’s Law Dictionary), the relators ask the court to compel the respondents to cease and desist all legislative measures which may conflate, obfuscate or otherwise subvert the clarity of rights conveyed by Article 1, section 21 of the Ohio Constitution. Such legislative measures are perceived to promote anarchy and only create more confusion within the Government of the State of Ohio.

12. The relators ask the court to compel the respondents to perform their enjoined duty to **DEFEND** Article 1, section 21 of the Ohio Constitution against all legislation which could usurp the broad ranging scope of Article 1, section 21 or seek to place restrictions, limitations or any conditions upon it (emphasis added and intentional).

13. Ohio Senate Bill 22 forbids schools and universities to require a vaccine, unless it has received full authorization U.S. Food and Drug Administration. Currently all versions of the vaccine are only currently available under Emergency Use Authorization. Ohio Senate Bill 22 also prevents schools from treating vaccinated students differently from unvaccinated ones in terms of masking and social distancing. The current CDC chart is by design discriminatory against unmasked students as they are the only ones that require quarantine. Masked students are not required to quarantine. This system is currently in place in every school in Ohio. With no plans of changing the practice of using the CDC chart that discriminates against masked students when it became illegal on October 13th 2021. Currently all schools in Ohio use the CDC flowchart to determine quarantine procedures. Currently Ohio Senate Bill 22 is being broken with no respect for students' rights and no relief for students and parents when they do, causing great financial harm and emotional distress as a result.

14. There have been several attempts by Ohio State House to provide relief for rights that Ohioans already currently already have under the Ohio Constitution Article I Section 21. HB 248 and HB 435 are unnecessary legislation if the Ohio Constitution was being upheld and defended. Article I Section 21 clearly states Ohioans have protection from being forced into a healthcare system and any penalties or fines resulting from not participating in a healthcare system. It clearly defines what a healthcare system is so there can be no doubt when a person is forced into one.

15. Several federal entities, state entities both private and public have been VIOLATING the civil liberties of the people of Ohio for a period that is too great to determine yet extraordinary in the past 20 months as per Article I Section 21 by compelling citizens of Ohio to participate in a health care system directly and indirectly. All violations of rights afforded under Article 1, section 21 also constitute violations of the 10th Amendment of the Constitution of the United States of America which observes the rights granted to Ohioans under the Constitution of the State of Ohio.

16. Article 1 Section 21 defines Health Care system as "Health care system" means any public or private entity or program whose function or purpose includes the management of, processing of, enrollment of individuals for, or payment for, in full or in part, health care services, health care data, or health care information for its participants.

17. On or about the month of March 2020 extraordinary violations of this right were observed under federal, state and or local rules by various entities both federal and state forcing the citizens of Ohio to participate in a Health Care system by way of force.

18. Citizens were required to wear alleged medical devices, provide DNA samples, testing their temperature, requiring vaccinations, contact tracing and among other activities that would be considered health care services as well as private and public data based being created and collecting health care data and or health care information by way of compulsion.

19. Article I section 21 defines Compulsion as "'Compel" includes the levying of penalties or fines." Both directly and indirectly citizens of Ohio were forced by both federal and state both private and public entities to submit to unconstitutional laws and or mandates to enjoy liberties such as entering or enjoying access to public or private institutions such as venues, access to public transport, courthouses, schools, hospitals, and food emporiums to name a few. Penalties for not abiding by these unconstitutional mandates were arrests, fines and or inability to purchase food, travel or access medical care.

20. Article I section 21 defines penalty or fine as: "any civil or criminal penalty or fine, tax, salary or wage withholding or surcharge or any named fee established by law or rule by a government established, created, or controlled agency that is used to punish or discourage the exercise of rights protected under this section."

21. In fact, as time ensued public and private entities within the state of Ohio have been issuing severe penalties to enforce such unconstitutional demands to compel such as denying wages, employment and inter and intra state travel.

22. All such actions stated above are a clear, apparent violation of Article I section 21 of the Ohio Constitution, the 10th Amendment of the Constitution of the United States of America. These violations are clearly defined by 18 U.S.C. § 242 and should cease immediately.

23. On October 7th, all relators sent an email expressing their concerns to every member of the Ohio State Senate (Exhibits A-E). They received automatic replies from Senators Cirino, Fedor, Brenner, McColley, Schaffer, Maharath, Reineke, Wilson, Huffman, Gavarone (Exhibits F-J). The automatic replies were perceived as utterly dehumanizing as they neglected to recognize their Constituents or fellow Ohioans by name and completely failed to address the concerns. As of this filing, it has been over two weeks since our emails were sent. No replies have been received from any of the other respondents outside of the original auto replies received within the first 24 hours following conveyance of concern of the relators. It is the opinion of the relators that our correspondence was not given proper time or attention and that our respective messages were either intentionally disregarded or purposefully discarded. A government that willfully ignores the pleas of the citizens and constituents while ignoring the Ohio Constitution in such a way that does not interfere with the interests of the people that contribute to their political campaigns does not represent its constituents. When no satisfactory reply was issued to our electronic correspondence, it became evident to the relators that their only form of relief would come by way of an original action.

24. Article 1 Section 21 is not being defended or uniformly upheld. Furthermore, it is misprision (see #3 Black's Law Dictionary) on behalf of the entire legislative body when any entities that have violated the rights of all Ohioans under Article 1, section 21 of the Constitution of the State of Ohio and the 10th Amendment to the Constitution of the United States of America have not been

compelled to cease and desist and have not been investigated, impeached, incarcerated or held criminally liable under 18 U.S.C. § 242.

WHEREFORE, as a result of the foregoing, the Plaintiffs respectfully request that proper process be issued and served on Respondents, requiring Respondents to answer or otherwise respond in the time period allotted by law, and that this Honorable Court would award judgment in favor of Petitioner and against Respondent as follows:

1. Respondents be compelled to uphold and defend Article 1, section 21 of the Constitution of the State of Ohio that the Respondents swore to uphold and defend against all enemies, foreign and domestic.
2. Respondents be compelled to defend Article 1, section 21 of the Constitution of the State of Ohio against any passage of legislation which may possibly conflate, obfuscate or otherwise subvert the clarity of rights conveyed by Article 1, section 21 of the Ohio Constitution.
3. Respondents be compelled to charge the Attorney General with the duties vested in him to enforce and uphold Article 1, section 21 of the Constitution of the State of Ohio by immediately ceasing any federal or state, public or private entity within the jurisdiction and or operating in state of Ohio compelling citizens of Ohio directly or indirectly to participate in health care data collection, health care services, and force to provide healthcare information by mandamus from this court.
4. For an award of attorneys' fees and costs incurred as a result of this action.
5. That this Honorable Court "order a speedy hearing" of this declaratory judgment action as permitted by Fed. R. Civ. P. 57.
6. Such other relief to which Plaintiffs may show themselves to be entitled.

Respectfully submitted this 24th day of October, 2021.

Dear Sir or Madam,

I am writing you to request that you stop wasting time with bills HB 248 and HB 435. Why? Per the State of Ohio's Constitution: under Article 1 Section 21, we Ohioans ALREADY HAVE THOSE RIGHTS inscribed that we cannot have any sort of health care system mandated on us. I would rather you uphold the Constitution of our great state that is already in place and stop wasting time on writing and debating and trying to approve legislation for something that already exists to protect us from health care system mandates.

You have no authority to pick and choose which provisions in the Constitution to abide. Nor do you have the authority to modify the Constitution in the form of an amendment, which would require ratification; that won't happen anytime soon. Having said that, why on God's green earth would you even want to do something so nefarious in the first place to 'We ThePeople'?

You and your fellow public peers must start holding individuals and entities (both in the public and private sectors) accountable for violating our constitutional rights, as you swore to do in your Oath of Office.

There is already a Writ of Mandamus filed against Governor DeWine with the Ohio Supreme Court to compel him to do his job. 'We the People' of Ohio are your Constituents, and you were elected to represent 'We the People'. 'We the People' are fed up with being free on paper ONLY and not seeing that same freedom in everyday life. Our U.S. and State Constitutions were written for a reason...to preserve and protect our civil liberties and freedoms. I eagerly await your response within 7 calendar-days' time. Dear Ohio Senators and Representatives of the House,

I am writing you to request that you stop wasting time with bills HB 248 and HB 435. Why? Per the State of Ohio's Constitution: under Article 1 Section 21, we Ohioans ALREADY HAVE THOSE RIGHTS inscribed that we cannot have any sort of health care system mandated on us. I would rather you uphold the Constitution of our great state that is already in place and stop wasting time on writing and debating and trying to approve legislation for something that already exists to protect us from health care system mandates.

You have no authority to pick and choose which provisions in the Constitution to abide. Nor do you have the authority to modify the Constitution in the form of an amendment, which would require ratification; that won't happen anytime soon. Having said that, why on God's green earth would you even want to do something so nefarious in the first place to 'We The People'?

You and your fellow public peers must start holding individuals and entities (both in the public and private sectors) accountable for violating our constitutional rights, as you swore to do in your Oath of Office.

There is already a Writ of Mandamus filed against Governor DeWine with the Ohio Supreme Court to compel him to do his job. 'We the People' of Ohio are your Constituents, and you were elected to represent 'We the People'. 'We the People' are fed up with being free on paper ONLY and not seeing that same freedom in everyday life. Our U.S. and State Constitutions were written for a reason...to preserve and protect our civil liberties and freedoms.

I eagerly await your response within 7 calendar-days' time. Do the job

There is already a Writ of Mandamus filed against Governor DeWine with the Ohio Supreme Court to compel him to do his job. 'We the People' of Ohio are your Constituents, and you were elected to represent 'We the People'. 'We the People' are fed up with being free on paper ONLY and not seeing that same freedom in everyday life. Our U.S. and State Constitutions were written for a reason...to preserve and protect our civil liberties and freedoms.

I eagerly await your response within 7 calendar-days' time. Do the job that you were elected and sworn in to do.

Respectfully,

Nathan "Buzz" Johnson
