Transportation During Mediation- School Year 2025-2026

Unfortunately, due to operational constraints (including, but not limited to, a continued bus driver shortage), resource allocation protocols, and regulatory compliance requirements, Columbus City Schools (CCS) is unable to provide transportation services during mediation when it has determined that a student is impractical to transport. Instead, the district will pay any statutory compensation ordered by the Ohio Department of Education and Workforce during the dispute resolution process.

CCS offers Payment-in-Lieu of Transportation in accordance with the Ohio Department of Education and Workforce regulations as the appropriate resolution mechanism for transportation requests during dispute resolution processes.
