DISCIPLINARY CASES

2022-0711. Disciplinary Counsel v. Swencki.

Sua sponte, matter remanded to the Board of Professional Conduct with instructions to clarify the consistency, if any, between its finding that respondent Ronald Clement Swencki’s “50 plus years of practicing law that is unblemished as a significant mitigating factor in this case” and its finding that respondent has been falsely claiming to have associates during that time.

Kennedy, DeWine, and Donnelly, JJ., dissent and would impose a conditionally stayed six-month suspension.
