DISCIPLINARY CASES

2022-0350. Disciplinary Counsel v. Purola.

On respondent's objections to this court's order to show cause why the interim default suspension should not be converted into an indefinite suspension. Matter remanded to the Board of Professional Conduct for consideration of mitigation evidence only. The interim default suspension shall remain in place while this matter is pending before the board. Proceedings stayed until further order of this court.

Fischer, DeWine, and Donnelly, JJ., dissent and would convert the interim default suspension into an indefinite suspension.
